

WOMEN'S ADVISORY BOARD

Diana Paola Hernandez, J.D.

Board Member

Diana is a special education attorney, supporting primarily Spanish-speaking families and children with disabilities in Los Angeles County. In addition to providing representation for individual students, Diana is committed to helping parents and students advocate for access to education. Diana draws inspiration from her upbringing as a first generation immigrant, impacted by growing up in over-policed, high crime areas, and aims to dismantle the school-to-prison pipeline through participation in programs focused on providing educational opportunities for at-risk youth and promoting restorative justice and rehabilitation programs.
